📍 Pune, India.

SUMMARY

Full Stack Java Developer with hands-on experience in designing, developing, and supporting enterprise-style web applications using the Java/JEE stack. Strong foundation in OOP, data structures, and algorithms, with practical experience in Java, Spring Boot, RESTful APIs, React.js, SQL databases, and cloud-native deployments. Experienced in transaction management, containerization, and CI/CD practices, with a strong ability to learn and adapt to new technologies.

EXPERIENCE

08/2025 To 12/2025 Software Engineer.

Nexanova Protech

- Developed a full-stack Institution Management System using Java, Spring Boot, React.js, HTML5, CSS3, and MySQL, applying OOP principles and optimized SQL queries. Dockerized the application and deployed it on AWS, designing relational database mappings and dynamic React.js components for CRUD operations.

11/2024 TO 5/2025 Self Employed | Freelance Software Developer

- Delivered project-based applications using Java and Spring Boot, focusing on Dockerized builds and basic CI/CD automation with GitHub Actions.

07/2024 To 10/2024 Software Engineer.

AiVaraint

- Developed RESTful APIs and full-stack features for an online shopping platform using Java, Spring Boot, React.js, JavaScript, HTML5, CSS3, and MySQL.

SKILLS

- **Frontend:** HTML5, CSS3, Tailwind CSS, JavaScript, React.js.
- **Backend:** Java, Spring Boot, MVC, RESTful APIs, OOP concepts, Dependency Injection, IoC.
- **Databases:** MySQL, Oracle SQL.
- **Tools:** Git, GitHub, CI/CD – GitHub Actions, Postman, VS Code, Eclipse, Docker, Kubernetes.
- **Cloud:** AWS.

PROJECTS

- [Online Shopping Platform](#) Full Stack (Java, Spring Boot, JPA, React.js, MySQL). Developed product catalog, shopping cart, and checkout features with REST APIs.
- [Expense Tracking](#) Full Stack. Implemented CRUD operations, authentication, Transaction management using Spring, and responsive UI.
- [FitAI Gym Project](#). Built an application to calculate BMI and generate personalized diet & workout plans.

EDUCATION

- B.Tech Computer Science Engineering | Nanasaheb Mahadik College of Engineering, DBATU Lonere | 2021 – 2024
